Dear Child Care Provider,

This letter is in regards to the September 25, 2014 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home.

Provider was referred to CCRR to support her with coming into compliance.

The following areas were out of compliance at the time of my visit:

☐ 110.5(1)k Fire and tornado drills are practiced monthly and documentation kept. *The provider has not been practicing and does not document.*

☐ 110.5(1)n Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. *There is a bedroom and living room which needs a smoke detector.*

☐ 110.5(1)n Each smoke detector is tested monthly, and a record is kept for inspection purposes. *Provider does not test and does not document.*

☐ 110.5(1)v The provider has written policies about responding to health-related emergencies. *The provider does not have written policies for health related emergencies. Field staff referred provider to CCRR for suggestions. See below for what is needed:*

You should have a written policy outlining the procedures and actions you will take in the event of a health-related emergency. The policy should address the following:

- ◆ First aid measures
- ◆ Contacting emergency medical services
- ◆ Transporting of an ill or injured child
- ◆ Contacting parents
- ◆ Care for the other children in your care during the emergency

COMMENTS: Assistance with developing policies is available from your child care health consultant at your child care resource and referral agency.

110.5(2) A provider file is maintained and contains:

☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. *Provider's children need to have physicals and immunizations on file. Provider needs to obtain new Provider Physical form for all family members. This form will be good for three (3) years.*

110.9(1) SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME CATEGORY "B"

The provider was not over numbers at the time of the visit. This is included as a reminder to provider regarding how many children she can care for.

110.9(1)a Not more than six preschool children present at any one time including infants.

110.9(1)b Of these six children, not more than four children who are 24 months of age or younger are present at any one time.

110.9(1)b Of the four children under 24 months of age, no more than three may be 18 months of age or younger.

110.9(1)c Not more than four additional school-age children.

110.9(1)d Not more than two children who are receiving care on a part-time basis at any one time.

110.9(1)e Not more than 12 children present when the emergency school closing exception is in effect.

110.9(1)f When more than 8 children are present for more than two hours, a DHS-approved assistant at least 14 years old is present.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

☒ Based on the items out of compliance listed above, a recheck or follow up visit to your home is not necessary. However, it is essential you provide documentation to the Department that certifies you have corrected each of the identified regulatory violations and are now in complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.

Please sign and date below, and return this form in the provided envelope by: November 15, 2014.
